SPONSOR PROSPECTUS

WHAT IS REAL GROWTH SUMMIT?

For five years, the Real Growth Summit was an annual gathering for top agents from across the country with an emphasis on serving Real Geeks users. While the partnership remains in place with Real Geeks, the sixth annual Real Growth Summit will bring with it a fresh brand and a shift in focus to serve more talented agents regardless of what platforms and technology they leverage to build a successful business. Our goal is to collaborate with top agents nationwide to share ideas that empower them to build their ideal business around their ideal life.
